Newsletter No. 6

March 1977

The March Fund Raising Meeting was a qualified success. Lots of food prepared, plenty of booze and a wide selection of items were available. However, some members went joy riding on the first decent week-end Chicago has seen this year and others were down at Daytona.

Major contributions were made by Al Johnson, Paula Scheidler, James Rubens, the Strassenbergs and the Kendalls, for which the Club is appreciative. Over thirty dollars was raised, plus an additional member. Among items left over (in addition to the food and booze) are:

Several Ceramic Figurines (Buddha, Cat, Dog, Owls, Turtle, etc.).

Two 5 gal. H-D gasoline cans with spouts.

Goggles and fact protectors.

Tune up for 4 cylinder Honda (parts not included), offered by Al Johnson.

Incense (Sandalwood and Jasmine).

Assorted decorative dishes (fruit and candy).

Shadow boxes.

Decorative bottles.

Any of these items may be yours by stopping by the Kendalls' home some weekend, claiming, and making a donation to the Club.

Badges have been ordered and should be available within six to eight weeks (we have spent the time in reviewing, designing and evaluating four alternate logos. The fourth design depicts a modern outfit in action with a cover over the sidecar to signify we travel in all kinds of weather).
